

Fund Profile

The fund will invest in stocks listed on the local exchanges of the Frontier Markets Universe. To set up the portfolio the fund will make a selection of countries on the basis of quantitative and qualitative screening. By using these selection criteria the fund will have a diversified portfolio invested in several countries and sectors. The more or less equally weighted portfolio will be re-weighted and re-allocated on a periodically scale. The risk profile is high, due to investment in equities and Frontier Markets. To achieve its objective, the Fund invests 95% to 100% of its total assets through TCM Investment Funds Luxembourg in units of TCM Global Frontier High Dividend Equity (Lux). The Fund qualifies as feeder-structure.

Trading

The fund can be traded through various clearing and distribution platforms. On trading days the fund will sell shares against NAV with a positive deviation of 0.5% and buy back shares against NAV with a negative deviation of 0.5%.
